Pin Your Thoughts Right Here. FURNITURE,

Our prices are all lower this year than last. The reason is our trade has become enormous, and in consequence we manufacture more

largely and get lower results as to the cost.

No matter what prices others quote we will do better.

HERE IS THE KEY TO OUR SUCCESS. We have adopted a new credit system that will enable you to buy our goods on your own terms; no matter how large a bill you require, we will sell it to you with 10 per cent. down as a first payment and the balance to suit your convenience.

To parties furnishing security we make special terms; nothing down. We are the originators of all the new credit systems now imitated by our competitors, and we know the public will find it to their advantage to call on us before going elsewhere.

Correspondence solicited and promptly answered.
